# Lockin Smart Lock X1

Luxury Rose Gold | 6 Unlocking Modes  
Works with Mi Home App

## Luxury Rose Gold

Fashionable & versatile  
New color.

## 6 Unlocking Modes

Fingerprint, PIN, App (Bluetooth),  
Mechanical Key, Temporary PIN,  
NFC Card.

## Highly Impact Resistant

Single Integrated,  
Aluminum Panel

## Home Renovation PIN

Easy handover once complete  
the renovation is completed.

## APP Management

Easily access lock  
usage history.

## Remote Notification

Consecutive failed verification,  
lock-picking, low battery.

## One-Touch Open

Semiconductor fingerprint  
recognition module.

## Smart Linkage

Supports linkage with multiple  
Mi Home products.

\*Remote notification, Mijia linkage and App management functions  
need to be used with Mijia Bluetooth gateway.

## Luxury Rose Exterior

Luxury rose gold plus classic black - fashionable, simple, and versatile. High-end yet low-key.

# Comprehensive Security Design

Meticulously crafted, polished details, and reliable quality.

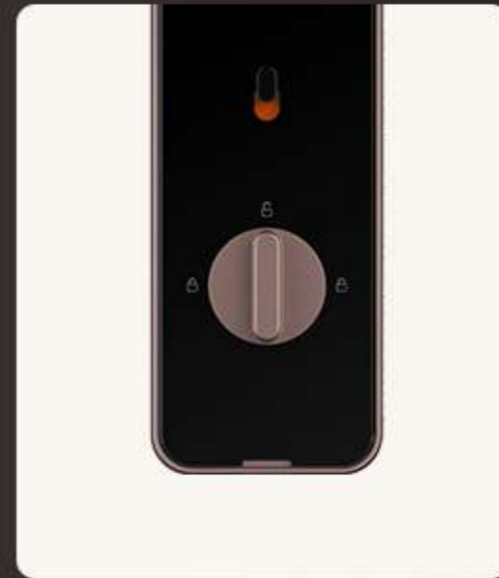

**Integrated handle design**

Golden ratio

**Virtual PIN**

6-digits fixed PIN +  
10-digits (max) virtual PIN

**Independent latch bolt**

Push knob  
Anti-pet/child unlock

**Peephole lock-picking protection**

Effectively protect your home  
from peephole lock-pickers

## 6 Unlocking Modes

Fingerprint

PIN

App (Bluetooth)

Temporary PIN

Mechanical Key

App (NFC Card)

\*Temporary code need to connect with Bluetooth  
One-time code can be set remotely, do not need a gateway

# Professional Quality Assurance

**100,000**

fingerprint reader click tests

**100,000**

handle press tests

**-10°C ~ 55°C**

temperature tests

**480,000**

fingerprint reader sweat tests

**96 hours**

96 hours of salt spray tests

**8,000 Newton**

lock panel hydro static tests

# Built-in Stainless Steel Clutch

Remains locked even if the panel is broken  
Safe, strong, and durable.

# Home Renovation PIN

Initialization PIN for decorators and workers during your home projects.  
Safety is ensured as the initialization PIN will be invalidated after you pair the lock and move back in.

## Local Alarm + Remote Notification

Local alarm and remote App notification will be activated following consecutive failed verification attempts, lock picking detection, or low battery.

\*Remote alarm requires connection to Xiaomi Bluetooth gateway

# Mi Home Smart Linkage

Linkage with Mi Home products. Enables multiple smart home scenarios including automatic light, curtain, and music control upon your arrival home.

\*This function needs to connect with Mi Smart Home Hub (Support Singapore Server)

# One-Stop App Management

## Lock/ Unlock History

Check all lock/unlock history at any time

\*Excludes lock/unlock history with mechanical keys

## Fingerprint/ PIN Management

Add or delete fingerprint/PIN

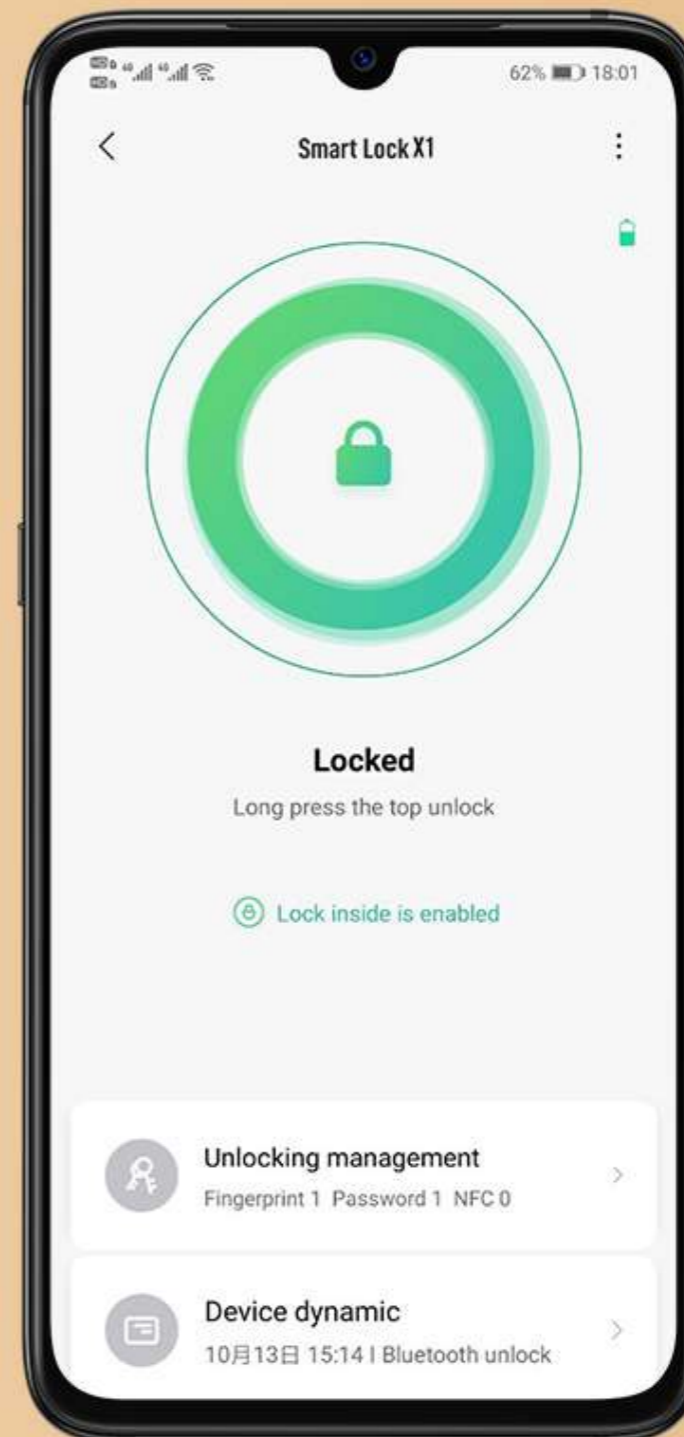

Generate temporary PIN

## Arrival Notification

Timely notifications when family members unlock the door

\*Remote viewing requires connection to the Mijia Bluetooth gateway

# Specification
